25X1 Dear Colonel [redacted]

Your letter of 14 June 1952, addressed to General Smith regarding your service with this Agency, has been referred to me. I am gratified to note that your letter was prompted by your desire to improve the Agency by drawing attention to certain aspects of personnel management which your experience convinces you are not efficient.

I am pleased to acknowledge your letter in the same spirit and to assure you that it serves to make this office continuingly mindful of the need to follow practices which will realize maximum returns from the Agency's human resources.

Very truly yours,
